

Dear Sir or Madam:

My name is Beverly Criner and I have three grandchildren that attended Little People's Place, Inc., Monique who is 9 years old now, Ayanna 5 years old, and graduated Little People's Place, Inc. last year, and Emmanuel who is 4-years-old and still attends, and will graduate in June 2004.

I am very pleased with the activities that helped my grandchildren take their first steps towards learning to read and write, activities such as learning their alphabets, how to count and their colors. They were also taught to be tolerant, to share, and preparation for grade school. The teachers are very loving and patient and I am very satisfied with my grandchildren's growth.

Sincerely,

Beverly Criner.
