

To whom it may concern:

Hello, my name is Shaquiona Outlaw, and I have a 2-year-old son named Okeua Littlehawk III who attends Little People's Place, Inc. Okeua loves this daycare center so much. When my son first started in September, he was very advanced for his age, but after almost 6 months he surprises me everyday. So many activities that they plan for the children help them grow each and everyday.

They go on amazing trips, have special guests come in and read books, and they are allowed to do different things most daycare centers don't do. His potty training is coming along well with the help of the Little People's Place staff. They are wonderful people and they are very important to the future outcome of how my son will develop. Each child gets their own individual attention.

Please open up your heart to further help the children at Little People's Place, Inc. in order for them to be even more successful and productive individuals. Your help would be greatly appreciated.

Thank you,

Shaquoina Outlaw
