To Whom It May Concern:

My name is Kami L. Williams, parent of a 3-year old child currently attending Little Peoples Place, Inc. My child has been part of this program since he was an infant . My experience with this program has been an extremely positive one for both my child as well as myself.

From the very first week , I saw a significant change in my child's demeanor and communication skills. Because my child spends a majority of his time at the daycare, it was critical to find a daycare that promoted a positive, stable, non-threatening, fun, safe, educational experience. The staff at Little Peoples Place , Inc has been successful in providing this service. They have always maintained the highest levels of professionalism, ready to answer any and all questions and concerns.

Being a single mom, this program has served, in many ways, as the "other parent". I have been able to see significant developmental changes (potty training, writing, memory, artistic expression). But, perhaps one of the best things about the program is that my child loves it!

Sincerely,

A handwritten signature in blue ink, consisting of a series of loops and a long horizontal stroke extending to the right.

Kami L. Williams
